

Denver DSA's 2026 Ballot Measure Guide

OUR PRIORITY CAMPAIGN

Protect Trans Youth! Vote NO on Props 134 & 135

Trans people's humanity, dignity, and equal place in our communities are not up for debate. These measures are part of a nationwide, billionaire-backed right-wing campaign that uses transgender people to mobilize the conservative base and draw attention away from the billionaires and corporations that hold actual power. If passed, these measures would cause real harm to transgender youth and their families.
